EMERGENCY CALLS

FIRE	POLICE	STATE POLICE	AMBULANCE
42	1056	400	42

In emergencies, customers may call by name instead of by number.

TELEPHONE SERVICE CALLS

For assistance on a call, ask for.....CHIEF OPERATOR

For telephone numbers not listed in this directory, call....INFORMATION

To obtain the time of day, call.....OPERATOR

To report a telephone out of order, call.....REPAIR SERVICE

For all other business, or if your requirements are not fully met by calling as above, ask for.....BUSINESS OFFICE

COLLECT CALLS

A Collect Call is one on which arrangements are made to bill the charges for the call to the telephone number called. Collect calls are charged for at the same rate as regular paid calls with the exception of Station-to-Station calls on which the regular rate is 20 cents or less.

If the called party does not agree without delay to accept the charge or the call is cancelled, a report charge is made to the calling telephone.

REPORT CHARGES

A Report Charge is made on Person-to-Person calls when the called party is not available at the called telephone or if the calling party is not available when the called station or party is reached. On collect calls this charge applies if the called party does not accept the charges on the first use of the toll circuit.

MESSENGER CALLS

A Messenger Call is one on which the Telephone Company sends a messenger to summon the called party to a telephone. The messenger fee is added to the charge for the call.

INTERNATIONAL TELEPHONE SERVICE

Long Distance telephone service is available to practically all foreign countries. Ship-to-Shore service is furnished to certain steamships. Place your call in the usual way for this service. For rates, and ships to which service is given call Long Distance.

General Information

Answer calls promptly so that the calling party will not be kept waiting when answering calls, announce by name or telephone number.

Party line and rural line customers should answer only their own ring signals. If there is any confusion about the ring signals, the fact should be reported promptly to the Chief Operator.

DIRECTORY ADVERTISING

The Telephone Directory Advertising Company, 321 W. Lafayette Blvd., Detroit, is the only agency authorized by the Telephone Company to sell telephone directory advertising. It will furnish, upon request, advertising rates and other information regarding directory advertising.

ERRORS IN THIS DIRECTORY

The Company cannot and does not assume any liability because of errors and omissions in compiling this book. Sometimes notwithstanding care and attention given it, errors will creep in. Please check your listing in the directory. If it is incorrect in any way, please call the Business Office so that it may be corrected in the next issue.

ATTACHMENTS TO TELEPHONES

This Company is responsible for giving efficient telephone service. The equipment and apparatus furnished you have been designed to produce the best telephone results. Therefore, we cannot permit the attachment of devices and so-called improvements which may prove detrimental to the service, and to protect the service the Company will remove any such device. We are prepared to furnish apparatus to meet any special conditions.

*Rates to certain Detroit central office areas may vary 5 cents either way from those shown.

Initial period and overtime period charges are calculated as follows:

For Station-to-Station calls:
- If initial rate is 10c initial period is 5 min.—Overtime period is 3 min.
- If initial rate is 15c or 20c initial period is 5 min.—Overtime period is 2 min.
- If initial rate is 25c initial period is 5 min.—Overtime period is 1 min.

For Station-to-Station calls of more than 25c and Person-to-Person calls of all rates the initial period is 3 min.—Overtime period is 1 min.

Overtime rates, for each overtime period are approximately ⅓ of the initial period rate.

A Report Charge is applicable on Person-to-Person and Collect calls under certain conditions as outlined on page 4.

There is no Federal Tax on telephone calls for which the total charge is under 50 cents.

The tax is 10 cents if the charge is 50 cents and less than $1.00; 15 cents if the charge is $1.00 and less than $2.00; and 20 cents for $2.00 or more.

For Further Information Regarding Inter-City Service See Pages 3–4.

AT TODAY'S PRICES, no household or business really can afford to be without telephone service! And there is a type of service for every individual need. ¶ Also, installation charges have been reduced sharply. . . . The extra charge for the hand telephone has been eliminated. . . . Reduced rates for Long Distance calls are in effect *every* night after 7 and *all day every Sunday*. ¶ A telephone is an every-day convenience. It protects your family and property, keeps you in touch with employers, and actually saves you money in driving and parking costs and public telephone expense.

AIR MAIL INFORMATION—Six cents for each ounce or fraction thereof. Air Mail can be insured, registered, sent C. O. D. or special delivery when the additional fees are prepaid. It may be deposited in any mail box, but must be indorsed "VIA AIR MAIL" underneath the postage stamp immediately above the address. Air Mail Special Delivery Stamps give immediate delivery at destination.

Aids to Proper Mailing

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when a proper part of the address and save delay in delivery.

Insure valuable parcels.

Wrap parcel post carefully in heavy paper and tie knots securely.

You Will Often Gain a Day's Time in Delivery by Depositing Mail as Soon as It Is Ready.

If your business is such that you have commodities or services to sell directly to homes, these Yellow Pages can help you.

For homes with telephones represent those high spots in your market with the greatest purchasing power. Therefore, those are the spots which you must reach with your advertising if your business is to be in the highest degree successful.

Thumb the White Pages of this Directory. To the keen advertiser these White Pages are something more than mere lists of names. For him, they comprise a market, for there is a moment when every name in the lists becomes alive with the pressing need for something.

Rates are surprisingly low—but let us tell you all about it. Just drop a postal to the Telephone Directory Advertising Company, 321 W. Lafayette, Detroit or call us Long Distance Telephone CAdillac 5252.

If your business is such that you have products or services to sell directly to business places or industrial plants, these Yellow Pages can help you.

Undoubtedly, you are doing a very good job on your present customers—selling them your share of their needs, contacting them just the right number of times between sales and insuring repeat orders.

Likewise, it would be easy for you to do as good a job on your new prospects, provided you knew exactly who they were and when they were in the market to buy what you have to sell.

Let us show you how the Yellow Pages help you to solve this particular problem arising in your selling job.

Your prospects fall into two classes—those you know and those you do not know. Many that you do not know do not know you, either. It is only human nature to solicit those prospects who resist your best selling efforts on a more or less casual basis. After all, you can afford only so much "missionary work."

The probabilities, therefore, are that you cover these prospects you know less thoroughly than you believe.

As for those prospects you do not know or who do not know you—well, they are an entirely different problem.

But these prospects of yours use the Yellow Pages for "where-to-buy-it" information. Nationwide surveys show that 85% to 90% of all business telephone subscribers use the Yellow Pages when they want to buy and do not know sources of supply.

This soundly established use of the Yellow Pages as a Buyers' Guide makes them valuable to buyers—but invaluable to sellers.

Rates are surprisingly low—but let us tell you all about it. Just drop a postal to the Telephone Directory Advertising Company, 321 W. Lafayette Blvd., Detroit, or call us Long Distance CA dillac 5252.

TELEPHONE EQUIPMENT
to meet your service needs

"HANG-UP" TYPE HAND TELEPHONE

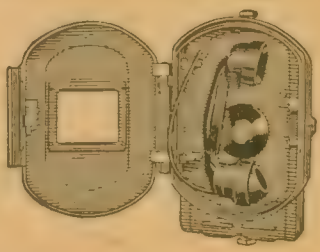
Allows more working space on desk and yet is within easy reach. Also ideal for kitchens and other locations where there is no table space.

AID FOR THE HARD-OF-HEARING

This amplifier, providing several stages of amplification, enables many persons with impaired hearing to enjoy the use of the telephone. May be cut off readily for normal use of telephone by others.

PORTABLE TELEPHONE

Ideal for guest room, recreation room and other occasionally used parts of the house. Many modern hospitals, restaurants, beauty parlors and barber shops have portable telephones for the convenience of patrons.

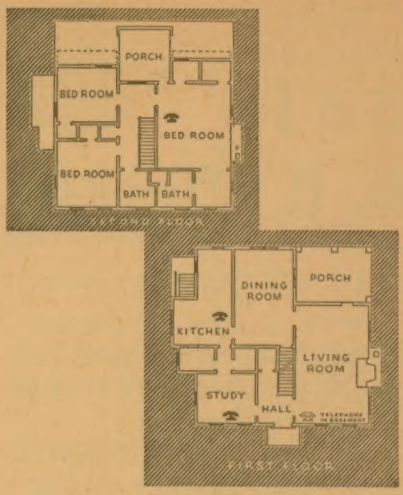


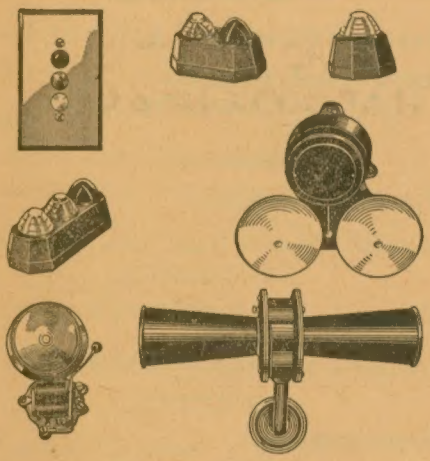
OUTDOOR TELEPHONE

An enclosed, weatherproof telephone for use at outdoor locations, such as yards, docks, taxistands and construction jobs. Equipped with lock to prevent unauthorized use, and hand telephone for ease of operation.

EXTENSION TELEPHONES

Installed in kitchen, bedroom, library, den, sewing room or basement, extension telephones bring added telephone convenience, privacy and protection to those parts of the house. Running downstairs or to other parts of the house to place or answer calls is eliminated.





SIGNALS

Audible and visual signals for use in noisy locations where the ordinary telephone bell cannot be heard. Bells, gongs and horns of various intensity and tone are available. Lamp signals indicate incoming calls and, if there is more than one telephone, show which line is being called.

SWITCHING ARRANGEMENTS

Allow one telephone to do the work of two or more. Permit cutting off extension telephones to assure privacy and prevent unauthorized use. Provide direct intercommunication with associated telephones. Permit answering calls on several lines, from one telephone. Make it possible to hold a call on one line while calling on another, over the same telephone.
